

Quality and Environmental Policy

The Telcomdis Management, leading the Integrated Quality and Environmental Management System establishes this policy, based on the following principles:

- Proposal and creation of value for our customers
- Innovation in the solutions to our customers and in our business processes.
- Commitment to environmental protection, including pollution prevention and other commitments related to the context of Telcomdis.
- Commitment to compliance with legal and other applicable requirements.
- Commitment to environmental protection, including pollution prevention and other commitments related to the context of Telcomdis.
- Commitment to compliance with legal requirements and other applicable requirements.
- Commitment to continuous improvement of the Integrated Quality and Environmental Management System and its performance.

These principles constitute the framework for establishing objectives, processes, investments, and any other activity in the field of quality and environment.

Madrid, October 4th, 2021

Javier Cortina

General Manager
